

We will peak into the forgotten corners and go behind the scenes, where an entire world of fresh, unexpected, exciting and creative ideas awaits us. Graffiti are an art that is connected to the very moment of its inception, for architecture and the rhythm of life. The city is their museum, one which doesn't have a constant exhibition. They appear and disappear in the rhythm of the place of their creators.

TOUR 1 DORCOL

Dorcol in Turkish literally means „Four roads“, although there were always two... Two Dorcols. The upper and lower Dorcol have always been a center within the center of the city and have always with their local mentality nurtured specific local art. Join us on the search for graffiti, that have become a symbol of this part of town, and Belgrade as a whole.

Time and location of departure: The Republic Square at 10:00 hrs in the morning

TOUR 2 VRACAR

This is a tour through one of the most prestigious and most beautiful parts of town, a part where history meets modern busy lifestyle in a unique mix of Belgrade's spirit. Vracar district is famous not only for its historical landmarks and architecture – its streets are filled with messages of local street artists, who can't wait to have their voices heard.

Time and location of departure: Slavija Square at 10:00 hrs in the morning

TOUR 3 NOVI BEOGRAD

New Belgrade is the youngest and most populated municipality of Belgrade. The New Belgrade blocks have been named after the buildings of socialist architecture resembling lego cubes. In this atmosphere, a completely new spirit of Belgrade was born, developing a new art style, one different from the old town.

Time and location of departure: Block 45 at 10:00 hrs in the morning

**“People say
graffiti is ugly,
irresponsible and
childish... but
that's only if it's
done properly.”**
